

## WHAT WE DO

### ADDRESS

common  
transportation  
concerns

### IMPROVE

accessibility  
and mobility

### PROVIDE

transportation  
services

### WORK

cooperatively  
with local  
government  
to mitigate traffic  
congestion

Join us for a roundtable to talk about

# COMMUTING, TRANSPORTATION AND THE EFFECT ON HAVERHILL'S ECONOMY

The Merrimack Valley Transportation Management Association is a nonprofit group funded in part by the Massachusetts Department of Transportation. Our mission is to help companies recruit and retain its best workforce through smarter commuter options.

Our work includes advocacy at the state and local level, commuter programming, as well as managing shuttles, carpools and vanpools.

Haverhill is a great place to do business. There is access to highways, buses and trains. But the MVTMA wants to do more, particularly in helping with that last leg of the commute — getting employees from the buses and trains to their place or work or to their homes.

We invite you to join us to talk about the issues affecting your business and how the MVTMA can help.

**WHAT: HAVERHILL ROUNDTABLE on  
TRANSPORTATION**

**WHEN: Monday, June 18 at 8:30 a.m.**

**WHERE: UML's Innovation Hub in Haverhill, 2  
Merrimack St.**

**RSVP: Email Gretchen Grosky at  
gretchen@merrimackvalleytma.com and visit  
our website at [www.merrimackvalleytma.com](http://www.merrimackvalleytma.com).**

**Connecting Haverhill**

**with commuting solutions**
